Nature’s Collection
by dinoflex

Recycled Rubber Flooring
Nature’s Collection Flooring

The Nature’s Collection seamlessly blends the utility and versatility of rubber with the style and sophistication of sustainably harvested cork. By infusing cork into our recycled rubber we have combined characteristics that are similar yet complimentary to one another giving you a product with superb performance and a visual dimension not typically found with rubber surfaces. With 20 colors to choose from, Nature’s Collection offers you a wide palette to create a unique space with subtle natural tones. Applying a treatment of DinoCoat is recommended for the best finish.

Incorporating cork in our product provides these distinct advantages:
- Increased insulation properties
- Produced from a renewable resource
- Natural resistance to mold and mildew
- Unique color blends
Colors shown are reproduced as closely as possible to actual product. Contact Dinoflex for product samples.
Let Us Introduce Ourselves
Dinoflex has been a leading innovator in the manufacturing of recycled rubber products for over 25 years. We specialize in producing premium quality rubber flooring, exterior tiles and custom products. Our merchandise provides solutions for architects, designers and builders that are cost effective and environmentally friendly.

Interlock Tile (Loose Lay):
Size
- 37” x 37” = 9.5 ft $^2$ (94 cm x 94 cm = 0.88 m $^2$)
Standard Thickness
- 9/32” (7mm) , 5/16” (8mm)
- Tolerance of +/- 0.5mm

Square Cut Tile (Glue Down):
Size
- 38” x 38” = 10.0 ft $^2$ (96.5 cm x 96.5 cm = 0.93 m $^2$)
Standard Thickness
- 5/32” (4mm) , 3/16” (5mm) , 1/4” (6mm), 9/32” (7mm) , 5/16” (8mm)
- Tolerance of +/- 0.5mm
